

BIO MASK

PURIFYING & STABILIZING TREATMENT for Oily and Combination Skin

Directions for use

PREPARATION PHASE

Note: The preparatory phase is very important in this treatment.

TREATMENT PHASE

1. Massage skin with an "**IRIS**" ampoule until complete absorption.
2. Using a brush, apply a thin, uniform layer of **Bio Mask**.
3. Leave to act for 15 minutes.
4. Remove the mask with lukewarm water. Rinse with Skin Balancing Toner. Then massage skin with **Balancing Serum**.
5. Complete the treatment by applying **Normalizing Cream**.

FOR CLIENT'S HOME USE

Normalizing Cream night and day.

Balancing Serum to be used at night under the cream.

Bio Gel purifying cleanser.

In more serious cases: advise your client to use the **Bio Cream** to apply on problem areas for 3-7 days.
