

# **ALOE VERA COLLAGEN VEIL**

## ***Stimulates regeneration and rejuvenation of the skin***

An anti-aging facial that promotes cellular regeneration and gives comfort to the skin

### **DESCRIPTION:**

Designed as a “second skin” the Collagen Veil is made of fibres obtained via freeze drying. On its way into the skin the native collagen can combine with water soluble active ingredients from ampoules and serums, making collagen one of the strongest delivery systems known in cosmetics.

### **ACTIVE INGREDIENTS:**

#### **Collagen:**

- Hydrates with so much moisture that a “hydrophilic net” is formed across the surface of the skin.
- Due to the compatibility of collagen with the skin, moisture is retained for a prolonged period of time, giving a plump, firm result and minimizing fine lines.

#### **Aloe Vera:**

- Rich in antioxidant vitamins: A, E and B, essential minerals: phosphorus, potassium, calcium, iron and zinc, Aloe Vera has healing, antiseptic and anti-inflammatory properties
- Promotes cellular regeneration and stimulates the skin fibroblasts

### **RESULTS:**

Moisturises and regenerates the skin, softens irritations and burns, smoothes fine lines and wrinkles.

### **APPLICATION FREQUENCY:**

**As part of treatment series:** Once or twice a week

**For maintenance:** Once or twice a month

**Daily care:** Firming Cream or Sensitive Cream

**Intensive Care:** Repair Serum in the evening under the Cream
