

GINKGO BILOBA COLLAGEN VEIL

For Sensitive and reactive skin

Directions for use

PREPARATION PHASE

Cleanse skin with a mild cleanser and lotion.

Remove dead cells with **GENTLE EXFOLIATOR**
Or use **PEEL MASK** which contains pineapple and grapefruit enzymes.

How to use the Peel Mask: Apply the **Peel Mask** with finger tips or a brush.
Apply steamer **without ozone** for **5 minutes**, then massage lightly with moistened finger tips to remove dead cells. Rinse skin with lukewarm water.

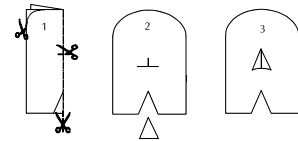

Apply steamer with ozone for 5 to 10 minutes

Extract impurities by your normal method. Rinse with a lotion.

Apply the healing and antiseptic **BIO AROME "E"** essence on the prepared skin.

TREATMENT PHASE

1. Apply **EYE ZONE INTENSIVE CARE** on the eye contour area.
2. Using a cotton wool pad, moisten skin with **COLLAGEN ACTIVATOR**.
3. On moistened skin, apply **SERUM SENSITIVE**.
4. Fold a sheet of **COLLAGEN VEIL GINKGO BILOBA** in half. Using fingernail, measure off nose and chin.

5. Cut the mask to correspond to the nose and chin measurements.
6. Apply the mask to the face. Moisten mask with **ACTIVATOR** using a brush or sponge. Start from the centre moving to the sides of the face, to eliminate air bubbles under the mask.
7. Allow the mask to do its work for **20 minutes** making sure it remains moist. If necessary, add more **ACTIVATOR**.
8. Remove the mask by rolling it off, starting from the forehead and rolling it down.
9. Complete the treatment by applying **HYDRO SENSITIVE CREAM**.

FOR CLIENT'S HOME USE:

HYDRO SENSITIVE CREAM for dry and sensitive skin.
SENSITIVE SERUM at night under the cream.
