

# B I O M A S K

## Purifying and stabilizing

For oily and combination skin types, even the most sensitive

### DESCRIPTION:

A treatment that is both intensive and mild. Carefully designed to restore the balance of the skin which can often be oily, sensitive and dehydrated at the same time.

### ACTIVE INGREDIENTS:

#### Natural Clay:

- Provides an absorbing effect over the short and long term
- Cleanses the skin and clears the sebaceous ducts

**Trace Elements:** Copper, manganese, magnesium, zinc, calcium and iron.

- Stimulate the cellular metabolism, regenerate and soften the epidermis

#### Cytobiol Iris:

- Controls micro-flora and reduces inflammation

#### Extract of Propolis:

- Bactericidal and bacteriostatic actions

#### Alpha-Bisabolol:

- Calms irritations and inflammations of the skin

**Essential Oils:** Sage, thyme, lavender and peppermint.

- Help to avoid the formation of blackheads
- Provide a sensation of freshness for the skin

#### Vitamin A and E:

- Improve tonicity and cellular regeneration. Offer relief for the epidermis from redness and irritation caused by eruptions of the skin

#### Salicylic Acid:

- Removes dead cells to facilitate the cleansing of blocked pores and gently purifies the epidermis

### RESULTS:

**Regulates sebaceous flow:** Prevents the formation of blackheads and brightens the complexion with a high quality deep cleanse. Open pores contract and the skin takes on a smooth, clear and mat appearance.

**Generates balance and mildness:** Calms irritation and tingling and moisturises and strengthens the skin.

### Application

1

Apply a generous layer of Bio Cream

2

Cover face with aluminum foil and apply steam

3

Proceed with extractions

4

Massage an iris ampoule until complete penetration

5

Apply Bio Mask with a brush

6

Leave mask on for 15 minutes then remove with water followed by Skin Balancing Toner

### APPLICATION FREQUENCY:

**As part of treatment series:** Once or twice a week

**For maintenance:** Once every 3 weeks

**At home**

**Daily care:** Normalizing Cream or Bio Active Cream

**Intensive care:** Normalizing Serum under the moisturiser
