

AHA AND GREEN TEA COLLAGEN VEIL

FOR DEHYDRATED, WRINKLED AND DULL SKIN

Directions for use

PREPARATION PHASE

Cleanse skin with a mild cleanser and lotion.

Remove dead cells with **FACIAL or GENTLE EXFOLIATOR**
Or use the **PEEL MASK** which contains pineapple and grapefruit enzymes.

How to use the Peel Mask: Apply the **Peel Mask** with finger tips or a brush.
Apply steamer **without ozone** for **5-10 minutes**, then massage lightly with moistened finger tips to remove dead cells. Rinse skin with lukewarm water.

Apply steamer with ozone for 10 minutes

Extract impurities by your normal method. Rinse with a lotion.

Apply the healing and antiseptic **BIO AROME "E"** essence on the prepared skin.

TREATMENT PHASE

1. Moisten the skin with the **ACTIVATOR**, using a cotton-wool pad.
2. Massage **SKIN RENEWING SERUM with AHA** into the skin while still wet.
3. Fold a **COLLAGEN VEIL AHA and GREEN TEA** in half and use a fingernail to mark the positions of the nose and chin.
4. Cut the mask, to correspond to the nose and chin measurements.
5. Place the mask on the face. Moisten with **ACTIVATOR** using a brush or a sponge. Start from the centre moving outwards to eliminate air bubbles which may form under the mask.
6. Leave to act for **20 minutes** making sure it remains moist. If necessary, add more **ACTIVATOR**.
7. Remove the mask by rolling down from the forehead to the chin.
8. Complete the treatment by applying **SKIN RENEWING CREAM with AHA**

IMPORTANT

It should be recommended to the client to use the Sun Protection Cream in the case of sun exposure during a treatment with fruit acids.

FOR CLIENT'S HOME USE

SKIN RENEWING CREAM with AHA (50 ml.) to be used every night for a month

SKIN RENEWING SERUM with AHA every night under the cream.
