

ALOE VERA COLLAGEN VEIL

For dry and aging skin – Stimulates cell renewal

Directions for use

PREPARATION PHASE

Cleanse skin with a mild cleanser and lotion

Remove dead cells with **GENTLE EXFOLIATOR**
Or apply **PEEL MASK** which contains pineapple and grapefruit enzymes

How to use the Peel Mask: Apply the **Peel Mask** with finger tips or a brush.
Apply steamer **without ozone** for **5-10 minutes**, then massage lightly with moistened finger tips to remove dead cells. Rinse skin with lukewarm water.

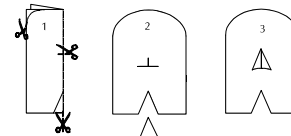

Apply steamer with ozone for 10 minutes

Extract impurities by your normal method. Rinse with a lotion.

Apply the healing and antiseptic **BIO AROME "E"** essence on the prepared skin.

TREATMENT PHASE

1. Apply **EYE ZONE INTENSIVE CARE** on the eye contour area.
2. Using a cotton wool pad, moisten skin with **COLLAGEN ACTIVATOR**.
3. On moistened skin, apply **REPAIR SERUM** (DNA). Massage until completely absorbed.
4. Fold a sheet of **ALOE VERA COLLAGEN VEIL** in half and use a fingernail to mark the positions of the nose and chin.

5. Cut the mask, to correspond to the nose and chin measurements.
6. Apply the mask to the face. Moisten mask with **ACTIVATOR** using a brush or sponge. Start from the centre moving to the sides of the face, to eliminate air bubbles under the mask.
7. Leave the mask for **20 minutes** making sure it remains moist. If necessary, add more **ACTIVATOR**.
8. Remove the mask by rolling it off, starting from the forehead and rolling it down.
9. Complete the treatment by applying **FIRMING CREAM** or **HYDRO SENSITIVE CREAM**.

FOR CLIENT'S HOME USE

FIRMING CREAM for sagging skin, **HYDRO SENSITIVE CREAM** for dry and irritated skin,
REPAIR SERUM at night under the cream.
