

**C O L L A G E N V E I L**  
**C o l l a g e n w i t h M a r i n e D N A**  
*Natural skin repair for dry and dehydrated skins*  
 An anti-ageing facial that promotes regeneration of the tissues.

**DESCRIPTION:**

Designed as a "second skin" the Collagen Veil is made of fibres obtained via freeze drying.  
 On its way into the skin the native collagen can combine with water soluble ingredients from ampoules and serum, making collagen one of the strongest delivery systems known in cosmetics.

**ACTIVE INGREDIENTS:**

**Freeze Dried Native Collagen Fibres**

- Prolonged moisturising of the epidermis
- Moistened by the Activator, the Veil promotes the transfer of active ingredients through its occlusive effect

**Marine DNA:**

- Retains its original cell structure which promotes the regeneration of tissue
- Allows the skin to regain its natural balance

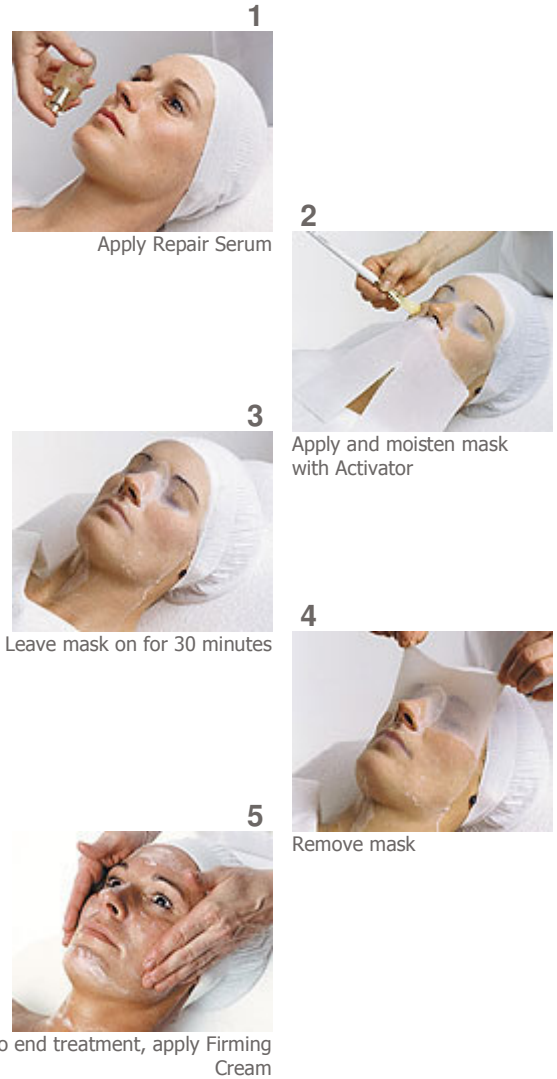

**RESULTS:**

**Reduces imperfections:** The skin becomes more supple, and with regular use these effects are long-lasting.

**APPLICATION FREQUENCY:**

**As part of treatment series:** Once or twice a week  
**For maintenance:** Once or twice a month  
**At home**  
**Daily care:** Firming Cream  
**Intensive care:** Repair Serum in the evening under the moisturiser

**Application**

**PRESENTATION OF THE TREATMENT**
